

DREAM INTERPRETATIONS BY DR UMAR AZAM

From mir_danyal@hotmail.com on Mon, 10 Mar 2008

Asalaamualaikum

Brother I saw a dream after my fajr prayer. I usually sleep after fajr. So I was sleeping that day also. I love a girl and she is a divorcee and she has a 3years old daughter and I want to marry her inshaAllah, but my mom is not ready only because she says what will the people say. Now what is saw is. I saw that me and the girl I love are in my bedroom and we are sitting opposite to each other on a "dastarkhan" (the cloth we Muslims eat our meals on) and there are many dishes on the dastarkhan. And she starts eating from it. Then my mom comes in the room with some more dishes and the girl I love stands up and asks her to sit at her place as a mark of respect and eat. When she does this I see a glow on my mother's face and she becomes very happy. Then i go to the kitchen with my mother and she starts cooking for her again and she breaks some eggs and puts them in the dish she is preparing and when I ask her why did she use the eggs she scolds me and says why didn't you get mutton for her (the girl I love) so that I would cook it for her and my mom is happy. In the dream my feeling is like as if the girl has come to visit us so that mom will see her. Please translate it. I will be very grateful to you.

With regards

Wa laikum salam, Mir Danyal. Although it seems as if your dream is a suggestion of your own mind, it is also true that dreams seen during the day are more likely to be true than those seen at night. Therefore, I think you have nothing to lose by inviting this lady to your house to introduce her to your mom. Try it! Your mom might indeed like her!

I want to let u know the dream I had after praying istikhara, I saw 2 known girls who both live in the same area as me. 1 is very religious and the other is not. I did not talk to them in my dream I just seen them. What does that mean? Please reply brother safran!

To jatt 316 (jatt316@hotmail.co.uk) on 29 April 2008

Wa laikum salam, Br Safran

I should think that this dream is foretelling that your family, and the family of the two girls you saw in your dream, could start interacting in some social or business venture in the future. If that happens, you may well be able to propose marriage to one of them via both sets of parents [yours and hers]! Let's wait & see!

P.S. Have you received the Entire Holy Quran in one e-mail and the Dua for a House in Paradise from me yet? If not, let me know & I'll e-mail them to you [free of course!]

Dear Sir,

Sorry to bother you again if u remember I had asked you to interpret 2 dreams before and both the interpretations proved to be right. Today I saw a dream after I prayed fajr, I sleep after praying fajr but after the zawal...the dream I saw was: I saw two men coming to the gate of our house and they said that they are from police or Drug dept. (I don't remember properly) and have come to search our house if there are any drugs I become a bit frightened. And then one man wearing a pollution mask sat on the plinth of our gate (we have a gate there but that time there was no gate and there was only a plinth.)and then my mother is also there, but they don't search the house I think, then I run to my shop and then I see myself in the toilet and I Pass some bowel in my pants and then I pass the bowels in the toilet properly and urinate a lot. Then I go back to the house to check what had happened there and I see them still there and I feel a bit relieved because they didn't find anything. Can you please translate the dream? These days I'm having a hectic business.

To mir Danyal (mir_danyal@hotmail.com) on 24 May 2008

Salam, Mir

I'm pleased to learn that my previous two interpretations turned out to be correct! Good news in this dream - human waste in a dream means getting very rich! So you're going to get a lot of money in the future. However, make sure that it is lawful - the presence of officials in the dream is a warning to you to stay honest and earn your money lawfully!

Asselaam alaikoem w.r.b,

Trust you are fine with the grace of The Almighty Allah...

I wondered if you might could give me explanation of a dream which I had several times in the last two months.

I hope you can explain, if not then I thank you in advance for reading my email but please be so kind to answer only when you know it for sure.

I believe in Allah and His beloved Prophet Mohammed s.a.w. and do believe that dreams could mean something, especially when you keep having the same dream over and over.

I see myself in a car, a car which I can't see actually, just seeing myself and a good friend sitting in it.

He is the one who is driving.

We don't laugh or talk too much...just looking serious straight on the road before us. We are not mad at each other or anything like that.

In the first dream, let's say about 7 weeks ago, I was driving and looking very sad, he was sitting next to me and smiling very nice to me.

I had also one in which we were standing still on some kind of parking place and laughing a lot with each other.

I found it strange to keep having the same kind of dream...me and he sitting in the car and driving.

Last night I dreamed the same again, only this time we were talking and he wasn't looking very serious anymore...but had a slight smile on his face and the serious face was gone, he was looking very friendly.

I was however a bit tensed but didn't say much either.

I believe I was dressed in the colour red.

This friend I know for 1,5 years now...we where supposed to get married.

But we had a fight, as I had trouble to trust him...I got divorced three years ago and now I realize how much impact that experience really has on my life.

This friend however was very understandable and never leaved me, still didn't...but he was very angry the last time that I saw him and that was two months ago....he said that he needs some time to think things over. I talked to him a few times through the phone...but that's all. We had normal conversations, about everything else but the matter itself.

I asked him a few times what he thought and decided, by sending him messages through the phone and email. But no response...

He didn't broke up with me....but didn't came either.

I don't know what to do...keep on hoping...having this dream...and pray a lot for answers.

I know and believe that no person/human can help me but only Allah & Resoelallah...and that help I am seeking for.

As I don't have the knowledge of understanding dreams, I ask you for explaining...I hope you can give a good explanation.

Thank you very much in advance and hope to hear soon from you.

I repeat again, if you don't know what to say or don't have any answer/explanation...then it is ok and I will accept and be grateful for your time.

And Allah knows the best,

Allah hafiz

Kind Regards,

Farida

Wa laikum salam, Farida

A car represents the journey of life. Being happy in a dream signifies sadness in the material world and vice-versa. It appears from your dreams that you are not destined to marry this person and that is indeed best for you if you feel that you cannot trust him; it will end in another divorce even if you were to marry him.

Thank you very much for the email.

My friend was very distressed over her dream and she is embarrassed to email asking you, so I am writing on her behalf.

She dreamed that her uncle from her mother's side was having intercourse with her, and that his virile member was of black colour (he is not a black man) the act was not of a full intercourse, he only entered her once and that was when she noticed the colour of his virile member.

Her uncle died few months ago and that is why the dream is also very shocking. Moreover, they were not close at all as he lived abroad all his life and did not keep good relations with any of his family his family.

Allah's blessing on you for your help. You will help relieve my friend's mind so much if you were to give an interpretation.

Thank you again

Salam, Abby

This dream appears to be telling your friend that her uncle was an evil character – in Islam, one is not supposed to cut off entirely with kin, which is what he did. Your friend regrets wasted time & wishes things had turned out differently. She needs comforting and reassuring that she herself is not to blame and that every individual has free will; if her uncle decided to ignore her mother, that is his evil deed. Perhaps she should comfort her mother too, if her mother did injustice to this uncle, who then began to stay aloof.

Sexual Intercourse

SEXUAL INTERCOURSE: Dreams of sexual intercourse are fundamentally satanic and therefore not interpretable. However, they may only be classified as good dreams if the people involved are married.

If a person has an orgasm while dreaming, taking a complete ritual bath (ghusl) is obligatory on that individual to attain the state of purity (taharaah) necessary to make formal prayers.

Anas ibn Malik reported that Umm Sulaym came to the Prophet while he was with Aisha and asked him, "O Messenger of Allah, when a woman sees and experiences in a dream what a man does, what should she do?". Aisha remarked, "O Umm Sulaym, you have humiliated women, May your right hand be covered in dust". The Prophet said to Aisha, "May your right hand be covered in dust". He then said to Umm Sulaym, "O Umm Sulaym, she should take

ghusl if she sees any discharge" [Sahih of Muslim, vol 1 p 178 no 607]

Right hand be covered in dust: this is an Arabic statement of disapproval

Sexual Intercourse

The interpretation of this dream depends on the details. If you were personally involved and you enjoyed the experience, it is, obviously, an omen of happy adjustment to your circumstances. If your dream featured others having intercourse, the meaning relates to whether or not your reactions were unpleasant. If they were, it is likely you are repressing an emotional problem and some psychological counseling might prove beneficial; if they were not, contentment and success will soon be yours.

Dear Dr. Azam,

Trust you are all right...

I sent you a mail a few weeks ago about a dream which i had several times...about driving in a car with my boyfriend.

You explained my dream as we weren't destined to get married and it is the best for me to feel to not trusting him.

I hope you can remember and can find that email back? (lovely_786@live.nl)

I can't help it to keep wondering about another dream which I had for almost a year...when I was still together with him.

I believe I dreamed this dream over 50 times...even more I think.

What I saw, is that my boyfriend comes to me in my dream and kisses me on the lips.

Very intense and nicely...

A few times, 3 times I think, it was I who kissed him first...

Also nice and intense...

What does it mean?

These dreams started when i got to know him.

I knew him for 3 months first without dating or starting anything yet, i already had seen him and we had contact but that was it...just being friends...but then these dreams started.

Always the same...

The dreams stopped when his sister in law passed away suddenly and he started to change...more than ever things were going bad from there.

Maybe to explain, you like to know a bit more about how things went.

Well, not so good...he was never there for me...I doubted a lot about him...we fought a lot...we split up several times for a few weeks and then I even got these dreams more...so I returned as I thought that I made a mistake by breaking-up.

Even that I knew, he wouldn't call or do anything for me...I thought Allah wants to give me the message of going back, that I'm doing wrong.

It was also my fault, I pushed him a lot, asked to lot and didn't trust him at all, was to much jealous.

He didn't liked that, however...he never scolded at me or complained...but didn't do anything friendly or nice either.

He was always nice to me, but very silent and kept distance...I tried to talk but he never said anything back...he was just keeping his mouth shut.

I was very confused...didn't know what to do anymore...had the feeling of walking against a wall...no way back...he didn't do anything...didn't try to make things right...didn't try to close either.

I tried to change myself and believe that I am a changed person now.

Thank you for your explanation in advance,

Allah Hafiz

From: lovely_786@live.nl on Sat, 14 Jun 2008

Just an additional note:

I knew him for a year, after the first month I was getting these dreams.

The first 4 months where ok...after that I started to make trouble...then things where going bad...I was getting scared that things where going good I think...not what I was used to.

I kept having these dreams...but they suddenly stopped (after almost 8 months)...that was the period that his sister in law passed away suddenly and he didn't want to talk to me at all.

I didn't see him for 4 months...kept barely contact...

He came back, a few weeks went well...then the same story again but this time he wasn't nice anymore...he said a lots of unnice things.

We went on a break...then I started to dream about driving in a car...since you explained me about that car-dream...I didn't had that dream anymore by the way.

The last dream about him was, he was standing in his own living-room whering my silver ring with a turquoise gemstone on his right hand (ringfinger).

That is my ring which I forgot in his living-room when I was there the last time...almost 2,5 months ago.

Wa laikum salam,

I care for you as a fellow Muslim so I must now be honest with you. You know as well as I do that we Muslims are not allowed to do the marital act before marriage. See why it's not allowed? You're in a right mess! I suspect that he is married and just using you when it's convenient for him!

I advise you to repent, treat everything as a mistake and get married lawfully. All your problems will then, Insha'Allah, end.

Assallam-o-alikum sir,

I just want to ask you about my dream if you can help me, I'll be grateful to you.

1.....I normally see wedding in my dreams, not mine, normally of my elder sister or at times of other people, and I saw me as the active participant in that wedding

2.....and another dream is I see people or animals attacking me, I am running from them, and they are after me, sometimes I kill them and sometimes I hide from them, like last night I have seen elephants, out of them one was wild and was killing people and was trying to hurt me too, was coming after me, then I was tying a chain to tie all of them up, and saying someone to bring that wild elephant so that I can tie him up, so he can't hurt more people these are the two dreams I see very often and the main theme is same with slight different changes....I really want to know what do they mean...I have seen dream predictions on your site....so can you help me in that please

I'll be thankful to you if u can help me regarding that, or can refer me to someone

Thanks in advance

Wa laikum salam, Anushay

Seeing dreams of your elder sister's wedding symbolises happiness brought in your life by that person; similarly, whoever you see being married in your dream means that you get some benefit from them.

Conversely, seeing dangerous wild animal's means that you have enemies that are trying to hurt you - perhaps not physically but emotionally i.e. plotting against you. If you manage to overcome the beasts in your dream [the elephants], you will defeat these enemies in waking life.

I've sent you the Quran and Dua Attachments in two separate Emails and you welcome to use these materials and forward them onto family & friends.

SALAM,

I am very glad to get your site about dreams ,I want to share my story with you. Some of my dreams also came true exactly in a way I saw them, but there is one dream which has become a question for me. I am a married woman with 2 kids living in Canada. My husband loves me a lot but I never loved him that deeply. 10 years back when we were living in Saudi my husband had a conference in US, I was with him, after 3 days of his conference he got admitted to the hospital, the guy who took him to the hospital was a doc .When I first met him I didn't like him but my husband requested him to drop me to the hotel. I went with him 2 or 3 times and then I quit. He offered me that he can pick me up and drop me but I refused as I am very shy and didn't like to mix up with men. That man was married, I started to like

him but I had a very strong feelings that he is living alone and he is unhappy with his married life, why I had that I don't know, this has happened to me quite a few times, a very strong feelings about something that turn out true. What he told my husband that his family is back home. I had very different emotions about that man, a part of me is telling me to stay away from him as he is not a good person and a half of me was getting attracted towards him as I always felt very secure and comfortable when I was with him. A night before when we had to left he invited us for dinner in a restaurant, over there me and my husband were talking ,my husband was in a very romantic mood, that guy was quietly listening to our conversation ,he was a quite person . I offered him something he looked at me as if he wants to know what is in my heart, I looked in his eyes and then I don't know how many minutes we spent ,we were lost, I was completely unaware that my husband was sitting with me. After that he looked confused. When he dropped us to the hotel he looked at me and said that he will come tomorrow but with my eyes I gave him the message not to come, he looked very angry, and he left with anger on his face. Although I was attracted towards him but I didn't want to misguide him ,I didn't want him to cheat with his wife which he could easily do so as he was living alone, and I can never think of disobeying ALLAH. After we came back I cried a lot in my prayers unable to understand why it happened to me although I was of a very strong character. Then he started to come in my dreams. In my first dream he came to me and gave me his hand to hold, I started to think how can I hold his hand he is not my mahram and he said I AM YOUR HUSBAND COME WITH ME, I hold his hand and we walked through lush green woods then I started to pray for him in my prayers that ALLAH show him the right way. It has been 10 years now that he is coming in my dream, holding my hand, walking through beautiful gardens, expressing his love for me, write nice poem about me, throwing petals of roses on me and lots more. When I moved to Canada I called him because I wanted to know that does he knows anything about them. Let me tell you that in these 10 years I am deeply in love with this man, I have no connection with him except these dreams, even he never tried to have any links with my husband, I called him tell him my husband's name, he was shocked when he listen my husband's name as he didn't forgot me, I said sorry to him for whatever happened, he said I don't have too, then I asked him can I talk to him as I was really concerned about these dreams but he said very carelessly oh 'there is no need too, I got upset tears came in my eyes as I love him and always pray for him but then I said to myself I left him because of ALLAH and I want him from my ALLAH ,why should I beg in front of him I remained quite trying to compose myself and then I said ok ,his voice changes as if he is concern and said with stress in his voice Allahhafiz. AFTER 2 days he came in my dreams he was weeping badly and said that he surrendered himself for my love. After 4 months he emailed my husband that how we are doing and is everything ok with us. After that he came in my dream and said that you are happily married and I am disturbing you so now onward I will not come. After few days he came and he was crying badly that he cannot live without me. After that he came and shakes hand with my kids and kiss them. In the last one he said to me that he can leave the whole universe but he cannot leave me. Can u explain me what is this A REAL DREAM FROM ALLAH, SOMEKIND OF TELEPATHY THAT HE IS DOING, OR MY OWN DESIRES

To:shamila009@hotmail.com on 07 July 2009

WA LAIKUM SALAM, SHAMILA

THANKS FOR TELLING ME THESE VERY EMOTIONAL DREAMS ABOUT THIS VERY SPECIAL PERSON THAT YOU HAVE MET, AND YOU HAVE SACRIFICED YOUR ATTRACTION FOR THIS MAN FOR THE SAKE OF YOUR HUSBAND AND OUR RELIGION. WELL DONE!

AS I SEE THE SITUATION, IT IS POSSIBLE TO FORSAKE SOMEONE IN THIS TEMPORARY LIFE BUT STILL GAIN THEIR LOVE IN THE LIFE HEREAFTER. NOW, WHEN YOU SLEEP, THAT IS THE SPIRITUAL WORLD I.E. THE WORLD OF 'RUH' AND ALLAH REWARDS YOU! SO, JUST THINK, THAT, HAD YOU SINNED WITH HIM, YOU WOULD HAVE SUFFERED THE FIRE OF HELL. BUT, BY FORSAKING HIM, YOU CAN GET HIS LOVE IN THE AKHIRA BECAUSE, IN JANNAH, WE SHALL HAVE ALL THAT WE WISH FOR! YOUR DREAMS ARE A SAMPLE OF WHAT AWAITS YOU IN THE HEREAFTER!

My wife keeps on having dreams for the past 1 year of losing gold 4-5 rings.

Please tell us what this means?

To Iftikhar Ali on Friday 15th January 2010

Here is a possible interpretation:

Ring

Seeing a ring on your finger in your dream indicates your commitment to a relationship or a successful new endeavour. It also demonstrates your loyalty to your ideals, responsibilities, and beliefs. Seeing a broken ring in your dream indicates an attack on your loyalty. It is indicative of disappointments and separation. Dreaming that you lose a ring or someone has stolen your ring, suggests that you will lose something or someone near and dear to you.

www.dreamsmeaning.co.uk

I'm sure your wife wakes up worried from these dreams. She should glorify Allah, as for Allah's forgiveness and accept whatever does happen as fate; after all, whatever happens, happens for the best because Allah is most merciful.

From Uzair Ahmed (flexfones@hotmail.co.uk) on Saturday 20th March 2010

Little bit about me, 17, go to grammar school, a few years ago I wasn't very religious but not a troublemaker but now I read all 5 namaz and do zikr regularly. The dream happened on a Saturday where I woke up for fajr then after I read it I went back to sleep and then the dream happened.

The dream started and I was in a bus and got dropped off at a pretty beautiful place had trees and a few mountains but there were a few houses and roads around wasn't completely desert. I asked the man there is it ok if I just go to urinate somewhere and he said ok I tried looking for a bush somewhere to do it but everywhere I looked there were people around so I didn't do it. Straight after that I was getting worried about not missing the namaz and I started looking for a place where I could pray my brother (19) was with me but he is not that religious. We looked and came upon this strange place just over a hill it was like a square of joint abandoned houses with an area in the middle to walk across. So we walked across the Centre of this ring and I looked up and I saw the most realistic image of a ghost just appear on the balcony, it was like a dead woman or teenager definitely female though. I was very scared and got a shock when that happened but continued to go to this landing of some house to pray in. We went there and laid out our janamaz my bro started but I kept on seeing that same ghost of the woman or girl, this time on the right of me out of the corner of my eye so I didn't start namaz cos of fright, later on I started and I intended to do 4 rakah but only did 2 and my bro finished and he said to me while I was reading I'm going now I pleaded and begged him not go but he refused and I broke my namaz and told him I will go with you. When I went to the end my brother went away but I went back to the place on my own (don't know why) and saw the same things, however this time I was persistent on praying and not running away. So I started praying but then my namaz broke when some kids about 5 and I only recognised 1 started messing about to the point where it completely disrupted my namaz. When I looked at them they said you have to play game first. That was it.

To Uzair Ahmed on Sunday 21st March 2010

Salam, Uzair

Thank you for contacting me. I think this dream is telling you that, before you become seriously religious, life for you was all fun and games (symbolized by the beautiful place; young kids playing games). However now you have become holy and come on the straight path (symbolized by janamaz; reading salah).

But the devil could still be whispering to you e.g. chat up girls (even though this phase of your life is 'dead' (symbolized by the ghost of the dead girl)).

From your dream, it appears that your brother has not had the same difficulties before himself becoming pious that you have yourself suffered.

Your dream seems to be quite difficult to interpret but, rather than disappoint you and say that it doesn't mean anything, I have attempted the above interpretation using the methodology of IBN SIREEN (R.A.) DREAMS AND INTERPRETATIONS.

For this explanation, I have assumed that your dream was a religious message from Allah Ta'lah (since it's central notion is praying) and not simply a suggestion of your own mind. May Allah Most High give you health and happiness, success and salvation! Ameen!

A snake can represent an enemy/danger from an enemy [IBN SIREEN R.A.].

FROM WHAT YOU'RE TELLING ME, IT SEEMS THAT THERE IS SOME PERSON IN YOUR COMMUNITY, A MAN, WHO IS TURNING SOME WOMEN FROM THAT SAME COMMUNITY INTO ENEMIES AGAINST YOUR MUM.

This is necessarily a very general explanation, but your mum will certainly know who the man is, and may well have some idea of who the women are, too. Perhaps some family or friends resent her.

I advise you to try to make sure that your mother deals well with other people at all times and that she doesn't provoke them in any way.

Dr Umar
