I have created a test page at <http://dr-umar-azam.co.uk.temp-www.com/>

This will give an indication of what the rest of the website will look like.

I was unable to use the text directly from the email you provided as this breaks web accessibility guidelines i.e. can lead to someone actually suing my company as a result.

I have instead coloured the background which conforms with the accessibility guidelines, your website currently confirms with the guidelines which are represented via the two images at the top – this adds a lot of creditability to the website.

i want to ask a question about vegetarian food... vegeterians do eat everything where on the product its mentions ' veg' but note that there are some products which the veg consume and in the ingredients there are some E which are haraam for muslims...

for e.g, doritos ba-b-q has the stamp halal trust approval on it,and the veg consume them but its haram for muslims...

like this there are so many products,so how we will differentiate

MasyaAllah, you have done much legwork here. Thank you for sharing this. As requested, feedback as follows:

1. See if the formatting can be revised for ease of reading -- perhaps a document with numbered pages and sections.
2. The actual letters/news articles could be scanned and attached separately under Appendix.
3. One font and up to 2 colours could be easier on the eye.
4. All paragraphs/columns could be kept flushed to the left.
5. The following info could be given upfront:

"This HALAL INGREDIENTS REPORT is mainly of relevance to the United Kingdom . However, this is not to say that it will not be relevant to readers in other countries (Coca Cola, for example, is sold universally). Also, this report will be of value for a limited time, a number of months, for instance. Formulae of consumer foodstuffs are constantly changing, as manufacturers such as Walkers take care to point out, so the purchaser should always read the ingredients or look out for the 'V' for approved by the Vegetarian Society sign. Also, there are thousands of companies manufacturing foodstuffs, so this Report can contain details from no more than a nominal handful.

If readers in other countries are interested in producing a 'Halal Ingredients Report of their own, then I will be happy to assist in any way possible, to compile the Report with technical accuracy, as well as making it pleasing to the eye."

Hope this helps.

Extremely sorry for the phone call earlier this late afternoon, the reception was really terrible along the countryside roads.

I'm really happy that you like the website; it's a great sense of achievement personally when a client is happy with the output of hard efforts and long working nights!

All the documents have been replicated into web pages, I will await further amends that you may require in the near future.

If you do come across people / companies requiring any form of web / database development / consultancy / applications then do refer me.

It's been really good working with you on this website, hope we can continue for many years to come.

I posted your cheque first class by recorded delivery this afternoon so you should get it in the next two days & will sign and return your documents when I receive them, like before. I couldn't hear you at times when you phoned [your voice was breaking up at times] but I learnt that you were driving along a country road when you told me and then realised why the reception was like that!

Dear Sir,

Would you be able to Interpret my dream please. My email address is [sapphirep@yahoo.com](mailto:sapphirep@yahoo.com)

Yours sincerely,  
Nouman

Dream:

I saw that I am sitting in a mosque and waiting for the Moadhan to give Adhan. Sun is rising to the point where it is getting late. Beside us is a well full of water (green colour-Kind of fungus) The water is rising fast.

A man says this have to happen when adhan is not given on time and sun is nearly out. The water comes out and starts flooding. Every one runs and the vision and the feeling was just as if it was day of doom 'Qiyamat'.

I too was running along another man and we were running fast with really long strides. Where we are running is rocky and desert like. We see a hut and the man stops to see who is there and I ask him not to but he went to that hut and someone kills the man to eat him.

On this I run faster and faster and come to point where it is end of the land. I I go down in laying position to see what is down there. Deep down the I see KABBA on my right hand side and Dome of the Rock on my left hand side.

On this I wake up.

Please can you tell me what was that dream about. This dream was in the early hours of the morning. About 6am.

Sorry for my late reply.. I was held up with my work.

I went through ur halal ingredients report. Alhamdulillah it shows ur effort put in to get all the details. It was really very much elaborate and Insha Allah will be useful too.

As u have mentioned, much of the products are for UK, some products like Cadbury's, Mars, Nestle and coke products are available here in India too. In case, if i come across any other products mentioned, will be much helpful for me to know if it is halal or not.

Jazakallah for the report.

**From the desk of Steve Michaels**  
ISP Convention Chairperson

---

**Dear Umar,**

We recently informed you that you and your poetic accomplishments could have been honored during the International Society of Poets Convention recently held at the legendary Riviera Hotel and Casino in Las Vegas, Nevada, July 19–22, 2007, even though you were unable to attend. Please note that because so many of our selected poets took advantage of this opportunity, we have extended the time for you to elect to receive your 2007 awards and benefits of ISP membership. **All that is necessary is for you to allow us to present one of your poems at our next convention and for you to elect to receive all of the awards and benefits of ISP membership that we have scheduled for you.**

**[Umar, your poem will be presented at the next ISP Convention!](#)**

Your awards, which will be shipped to you at this time, include your custom engraved lead crystal Outstanding Achievement in Poetry Award, your bronze Commemorative Award Medallion, your ISP decal, and your Full One Year Membership into the International Society of Poets for 2007-2008, and a subscription to its magazine, *Poetry Today*.

**Receive Your Crystal Award  
(Over a \$300 Value!)**

Your poem will be presented at the largest and most prestigious gathering of poets in history and it's so very important for us and your fellow poets to hear your poem read with the same passion and emotion which you intended when you wrote it. This is why we have arranged for a professional poetry reader to present your poem, allowing your poetry to receive the exposure and recognition you deserve. All you need to do to have your work presented is [submit your poem quickly](#). **Just imagine . . . all of the attending guests at the upcoming International Society of Poets Annual Convention will hear your poetry read.**

**Now, let me tell you a little about the awards and special items you will receive once you confirm your participation by [sending us your poem](#):**

Your **Outstanding Achievement in Poetry Award** is a magnificent work of art in itself (\$300.00 value), made from imported lead crystal. It is hand-engraved and mounted on a solid marble base. This will be the first time ever that we have bestowed these crystal awards. This impressive award features a finely crafted hand holding a blue crystal globe, symbolizing the Society's mission to spread poetry around the world. It is so valuable that we have designed a special carrying case just for this award.

Your **Bronze Commemorative Award Medallion** (\$40.00) is a forged bronze medal with intricate detail that's brilliantly displayed on a colorful nylon ribbon.

**Full one year membership in the International Society of Poets for 2007-2008** (\$60.00 value) entitles you to a personalized membership card, an embroidered ISP patch, an ISP window decal, a one year subscription to [Poetry Today](#) magazine, and entry into exclusive poetry contests for members only.

Umar, all that's required for us to immediately send you all of these awards is for you to [send us](#)

[your poem](#) that will be formally presented at the upcoming convention. Your convention poem can be written on any subject, in any style, and can be up to 40 lines in length. Additionally, we must ask you to send a nominal fee (\$169.00 plus shipping and handling) to cover the expenses we incur presenting your poetry, and to cover the costs to insure and ship all of these extremely bulky and heavy awards to you. For this small fee you will receive over \$400.00 worth of ISP membership materials, including your lead crystal [Outstanding Achievement in Poetry Award!](#)

**Receive over \$500 in Awards and Membership Benefits!**

Umar, my purpose for making you this offer is to recognize your poetic accomplishments. I also hope that you will see for yourself what an amazing organization we are. I sincerely look forward to meeting you in person and having you read your artistry in front of thousands of fellow poets who attend this live awards event every year. Unfortunately that's not the case this year, so we are trying to do the next best thing. **I'd like to offer you one more special gift when you send in your poem and confirmation form, because I would really like to see you in person. I will send you a coupon for \$100.00 off a future convention. That brings the total value for this offer to over \$500.00!** We are making a tremendous effort to include your poetry at the next convention, and we hope that you will return your confirmation form and poem as soon as possible.

[Go here to submit your poem.](#)

Sincerely,

**Steve Michaels**

Convention Chairperson  
International Society of Poets

**P.S.** Your lead crystal Outstanding Achievement in Poetry Award, bronze Commemorative Award Medallion, embroidered ISP patch, and ISP window decal will be shipped to you by Federal Express Ground service. Your subscription to the award-winning *Poetry Today* magazine will arrive separately. All of these items are accompanied by a **100% money-back guarantee**. Re: INTERPRETING DREAMS

Walaikum Salaam Dr. Umar,

thank you for the reponse. Just got back from Taraweeh.

there are islamic bookshops in Bremen attached to mosques but English literature is rare and I don't remember seeing Ibn Sireen's book anywhere.

Just one more question:

when one checks the interpretation of a dream on the net or in a book as you mentioned and it turns out to be a negative one, how can one keep its bad affect at bay?

I am really feeling troubled by some dreams. Please advise.

In this book too, there are *lists of dream symbols*. what does it mean to see a milk, for instance [goodness]. I recommend you to buy this book. Are there any Iklamic bookshops in Bremen?

Sorry I have not yet received the envelope. I will be emailing you 2 documents this evening. The link was placed at the bottom as it is an external link which goes away from the website, just maintains a sense of consistency. The coloured links are your internal pages, this keeps the overall management of the website much easier as it expands through the forthcoming months.
