RE: Tell me

To

Well, my mum had the dream...

It was actually concerning a person who I like and considered for marriage. I asked my mother whether he is good for me or not. We both requested Allah to give my mum a dream about him... keeping in mind that my mum was not agreeing to him when I told her about this person...

In the dream my mum saw I was married to him but along with it she saw many horrible things ... she saw he was drunk and he had was telling my mum to eat pork, and so was his mother... my mum said she tried to call me in the dream but I wasn't there and nor did come to help her... in the dream my mum was very scared and she was sickened at the sight of the pig meat... she also said that he had a long stick or something like a rod may be in his hand and was threatening to attack my older brother with it but then when my other older brother came he backed off and calmed down some what... mum said she mentioned in the dream she was happy my two brothers were back together again... at the moment, in the real world, they have fallen out with each other... she said my 'husband' was wearing black and had black hair... He himself in real world is having some problems with his mother also, though I am not sure whether this has been resolved or not, I don't think it has...

I had read your section about dreams and what our Prophet (SAW) said about bad dreams being the work of the Satan and good dreams are from Allah... also I think you mentioned that we as normal people can sometimes have mixed dreams because we have no control over what we see and how to make it clear...

My mother is very caring of me and very protective though I don't always agree with her view points and same with her of my view points. But I only wish to know the truth and I know Allah has told my mum something important in this dream that both me and my mum need to know. I just want the clear truth without the work of Satan involved.

Allah has guided me to ask you, Inshallah you can help me...

Kind regards

Tasawar

Thanks you Br. Umar.

Jazakallah Khair for your prompt reply. May Allah reward you in this duniya and akhirah.

As I mentioned earlier, I am happy with my wife and have no such plans for second marriage. Though there are some minor issues; but these are natural in any family and not lead to second marriage.

I just wanted to get more clarification on my dream, Do you mean that all my family problems will be solved and I will be happy with my existing marriage?

Please advise.

Many thanks.

To

Dear Br. Umar,

Salamalaikum.

Sorry to trouble you with my emails. Hope you will help me.

I am in confused state of mind with regards to my current job. I wanted to leave my current job for better prospects. I am losing interest in my current job and I don't have job satisfaction.

I prayed 2 rakat Nafil yesterday night and recited Istakhara dua. I narrate the following which I saw in my dream:

"It was a mixed dream with different things appearing.

1. I saw my cousin brother and sister under the custody of some Jin or some evil. I went there to see them without knowing that they are under the custody of Jin. When I meet my cousins, they were very happy to meet me.

I am meeting my cousins in one room and the Jin is also there (I don't remember clearly. May be the Jin is disguised as human being or not visible; but he is in the room). I get a feeling that I will also be taken in to the Jin custody forever same like my cousins. I am trying to get a chance to some how come out of this place by giving any valid excuse or reason. My cousins also wanted me to escape giving a slip to Jin and don't want me to suffer like them.

After this I don't remember, the dream is vague and unclear.

I just wanted to tell you about my cousins:

My cousin sister is in India and is sick and almost bed ridden. She can't walk and some one needs to car her moving from one place to another. She is young lady may be 35 years and have a daughter. She is a Doctor by profession and she was absolutely fine even after the birth of their daughter. She is sick since 6 -

7 years.

My cousin brother was married couple of years back and his marriage ended just after 22 days due to so many reasons. Since then both fighting legal case in the court.

2. I saw that I am in Makkah in Haram. Not near the Kaaba. Some where in the haram and Kaaba is not seen. I am with my uncle (fathers younger brother with whom I am not in so good terms and I don't like his attitude and thoughts).

I am seeing one of my relative and his children in Haram; all are seated in the rows along with other pilgrims; getting ready for the prayers. I see that my relatives and their kids are wearing white dress. My self along with my uncle are trying to manage place to sit in between the people.

The dream from here is not clear with lot of vagueness. I see that some place near to us is wet (may be urine spilled on the floor). I wanted to clean that place with a towel. I understand that time is less because salat is going to start. I think I came out of Haram to my room where again I see the Jin. I also was seeing my wife. Things are not clear enough from here to explain."

Brother. Please help me in interpreting my above dream.

Jazakallah Khair.

Wa laikum salam, Tasawar

You Mum's dream is obviously warning you of the dangers of her daughter [you] marrying this man; let's just look at one or two symbols:

Drunk - he will seek to earn money at all cost without sharing it with anyone - even his own wife!

Pig meat - his earnings will be unlawful; probably earned by crime or something evil

Stick - enmity to his in-laws

Good job you e-mailed me! Steer clear of this man! There's no shortage in the world of would-be husbands!

Feel free to ask for advice anytime.

Thanks for the interpretation.

What can I say? My whole life has been a hardship; I couldn't tell the difference with another 3 years added ;) I also have a son and another due soon; I take it the dream was not literal.

Thanks for the Quranic verses.

Many Thanks,

Dear Imaan,

It's great to hear from you again; how are you doing in life? I've read your dream and found it immensely difficult to interpret, as it doesn't fit the categories of dream symbols in Ibn Sireen's [R.A.] book. As a very rough interpretation, though, I would say that the dream told you that you have sinned in the past [symbolised by prisoner], and then repented [symbolised by the call for human rights] and would be undergoing hardship in life for 3 years [represented by 3 sons] but you will endure this misery with dignity [great power, used in a good way]. Since you had this dream 2 years ago, that only leaves a further year of hardship for you! Then, Insha'Allah, your life will become happy and successful. And Allah knows best!

I'm sending you the Holy Quran and a special dua by separate mail, Imaan. Please see my new Site www.dr-umar-azam.co.uk
