Asalaamualaikum,

I want to ask about the meaning of a dream i saw last night..I was in the state of impurity tht time when i saw the dream (jinub).. the dream i saw was that I was in my bathroom and i switch on the gyser and then start to do ghysl and then in the bathroom i see my bedding on the floor as if i was sleeping in that there only and when i do ghysl the water goes towards my bedding and it makes it wet on one side so i roll up that side and i think i finish my ghysl..then near the door of the bathroom i see some clothes kept there for washing the clothes have a pleasant smell of the detergent and then i think i call my brothers wife or something like this (i think she was washing the clothes in a washing machine outside the bathroom) and she comes in the bathroom near the clothes and then i kiss her on her cheek (not with bad intentions) and tell her that she must take us as her own family like she takes her parents..and our family likes her ...then i see myself in the kitchen where my brother is doing something..i tell him that he must go to our friend whos sister is getting married as he had not gone last time also whn his first sister got married (in real life also the friend im am refering here has 2 sisters and my brother was not here whn his 2 sisters got married both of them) and he says i cant go, u must go instead of me..and then my meternal grand mother comes and says that he (my brother) has to go to his wives relative or somethingthis is what i remmeber of the dream..do u think this dream has any meaning or maybe i jsut saw it coz i was not pure and seeing myself doing ghysl was only because of that...? please translate the dream if it is potent...may Allah reward u ameen...

In the Name of Allah, the Most Gracious, the Most Merciful

Miracles of the Qur'an

Qur'an on Meteorology

Meteorologists will tell you that rain clouds form in the following manner:

The wind pushes the clouds so that they can begin to converge.

The clouds then join and form larger clouds.

Updrafts cause these larger clouds to grow vertically, such that they appear stacked up.

Drops of water start to accumulate in the newly formed upper parts of the clouds, and when they get heavy enough they fall to the earth as rain.

The Qur'an already summarized this process more than 14 centuries ago, with stunning accuracy, and that too in an age of scientific ignorance:

*Do you not realize that God drives the clouds, then gathers them together, then piles them on each other, then you see the rain coming out of them?
[Al-Qur'an, 24:43]*

Qur'an's Viewpoint On The Big Bang

Advanced methods have recently enabled astronomers to determine that the universe probably started as a very small ball of mass. A violent explosion triggered the gradual and still ongoing expansion of this ball. So what was once together has now been separated. Not too long ago, the microscope enabled us to discover that life cells are composed mainly of water. Allah already told us these facts long before anyone else had a clue.

*Do the unbelievers not realize that the heaven and the earth used to be one solid mass that we exploded into existence? And from water we made all living things. Would they believe?
[Al-Qur'an, 21:30]*

"Atom and Everything Smaller"

Many centuries before the onset of Muhammad's prophethood, there was a well-known theory of atomism advanced by the Greek philosopher, Democritus.

He and the people who came after him assumed that matter consists of tiny, indestructible, indivisible particles called atoms. The Arabs too, used to deal in the same concept; in fact, the Arabic word "dharrah" commonly referred to the smallest particle known to man. Now, modern science has discovered that this smallest unit of matter (i.e., the atom, which has all of the same properties as its element) can be further split into its component parts. This is a new idea, a development of the last century; yet, interestingly enough, this information had already been documented in the Qur'an (Surah Saba', 34:3) which states:

"He [i.e., Allah] is aware of an atom's weight in the heavens and on the earth and even anything smaller than that..."

Undoubtedly, fourteen centuries ago that statement would have looked unusual, even to an Arab. For him, the dharrah was the smallest thing there was. Yet, Qur'an clearly states atom (dharrah)... and everything smaller than the atom itself! (protons, electrons, neutrons etc)

Qur'an's Verdict on Honey Bees

In the *16th chapter (Surah an-Nahl 16:68-69)* the Qur'an mentions that the female bee leaves its home to gather food.. Now, a person might guess on that, saying, "The bee that you see flying around - it could be male, or it could be female. I think I will guess female." Certainly, he has a one in two chance of being right. So it happens that the Qur'an is right. But it also happens that that was not what most people believed at the time when the Qur'an was revealed. Can you tell the difference between a male and a female bee? Well, it takes a specialist to do that, but it has been discovered that the male bee never leaves his home to gather food. However, in Shakespeare's play, Henry the Fourth, some of the characters discuss bees and mention that the bees are soldiers and have a king. **That is what people thought in Shakespeare's time - that the bees that one sees flying around are male bees and that they go home and answer to a king. However, that is not true at all.** The fact is that they are females, and they answer to a queen. Yet it took modern scientific investigations in the last 300 years to discover that this is the case.

The Qur'an had a 50/50 chance of being right, and the odds were one in two. Yet, it makes another Bull's Eye. Right on the dot yet again!!

P.S. Please pass it on to friends, family, neighbors, Muslims and Non Muslims alike.

As salamu alaykum,

This is Muhammad Alshareef, Founder and President of AlMaghrib Institute in the USA, Canada, and the UK.
I just wished to send you a Ramadan Mubarak, for you and your family.

And to share with you a Ramadan gift as the last ten nights come upon us...

You can pick up your Ramadan gift at:

www.HeartWheelJournal.com

If you've noticed this Ramadan, you may have started strong, but then got a little distracted. I know for me, it's frustrating to not have specific goals, what I want to achieve in Ramadan.

So what I did is write a COMPLETE fill-in-the-blank Journal for myself. I used it as a 30 day Tarbiyah program. I called it the HeartWheel Journal, and I have a TV program on IslamChannel in the UK with the same name.

And now, I would like to give you a copy of that Journal, as a gift, so that you too can benefit from it.

What you'll find in the Journal:

- * A daily one-paragraph reminder
- * Before and After snapshots of righteous people
- * Daily Good Deed planner
- * An awesome tool to measure your concentration in Salah
- * Goal Setting tools
- * ... and much more, including party days

We've already set up a folder on the AlMaghrib forum for the thousands who have already gotten their copy of the HeartWheel Journal, to benefit each other.

... And I wanted to make sure you were not left behind.

Get your copy at: www.HeartWheelJournal.com

With best wishes to see you succeed at the highest level!

- Muhammad Alshareef

PS: Pick up your 30 day Tarbiyah journal at:

www.HeartWheelJournal.com

And use it for the last ten nights of Radaman.

Action Requested:

1. Go to www.HeartWheelJournal.com
2. Fill in your email and download your journal right away to.
3. Done.

Dear Mr. Umar,

Thanks for all of your mail.

Also thanks for the Quran in Arabic.

However we have not got the attachment of English Translation of The Quran.

Would you please attach the file again.

Thanks for your cooperation.

Best regards,

Mamun
