

**MIRACLE TANGERINE**

**Manchester, UK**

This tangerine [which was in the same punnet as the one of 15/10/14 and likewise bought from *Manchester Superstore*, Stockport Road, M13 UK on Saturday 11 October 2014] is different from the one of 15/10/14 because, on this particular one, the Arabic letters of the Name of Allah S.W.T.

are transposed. The letter 'Alif'

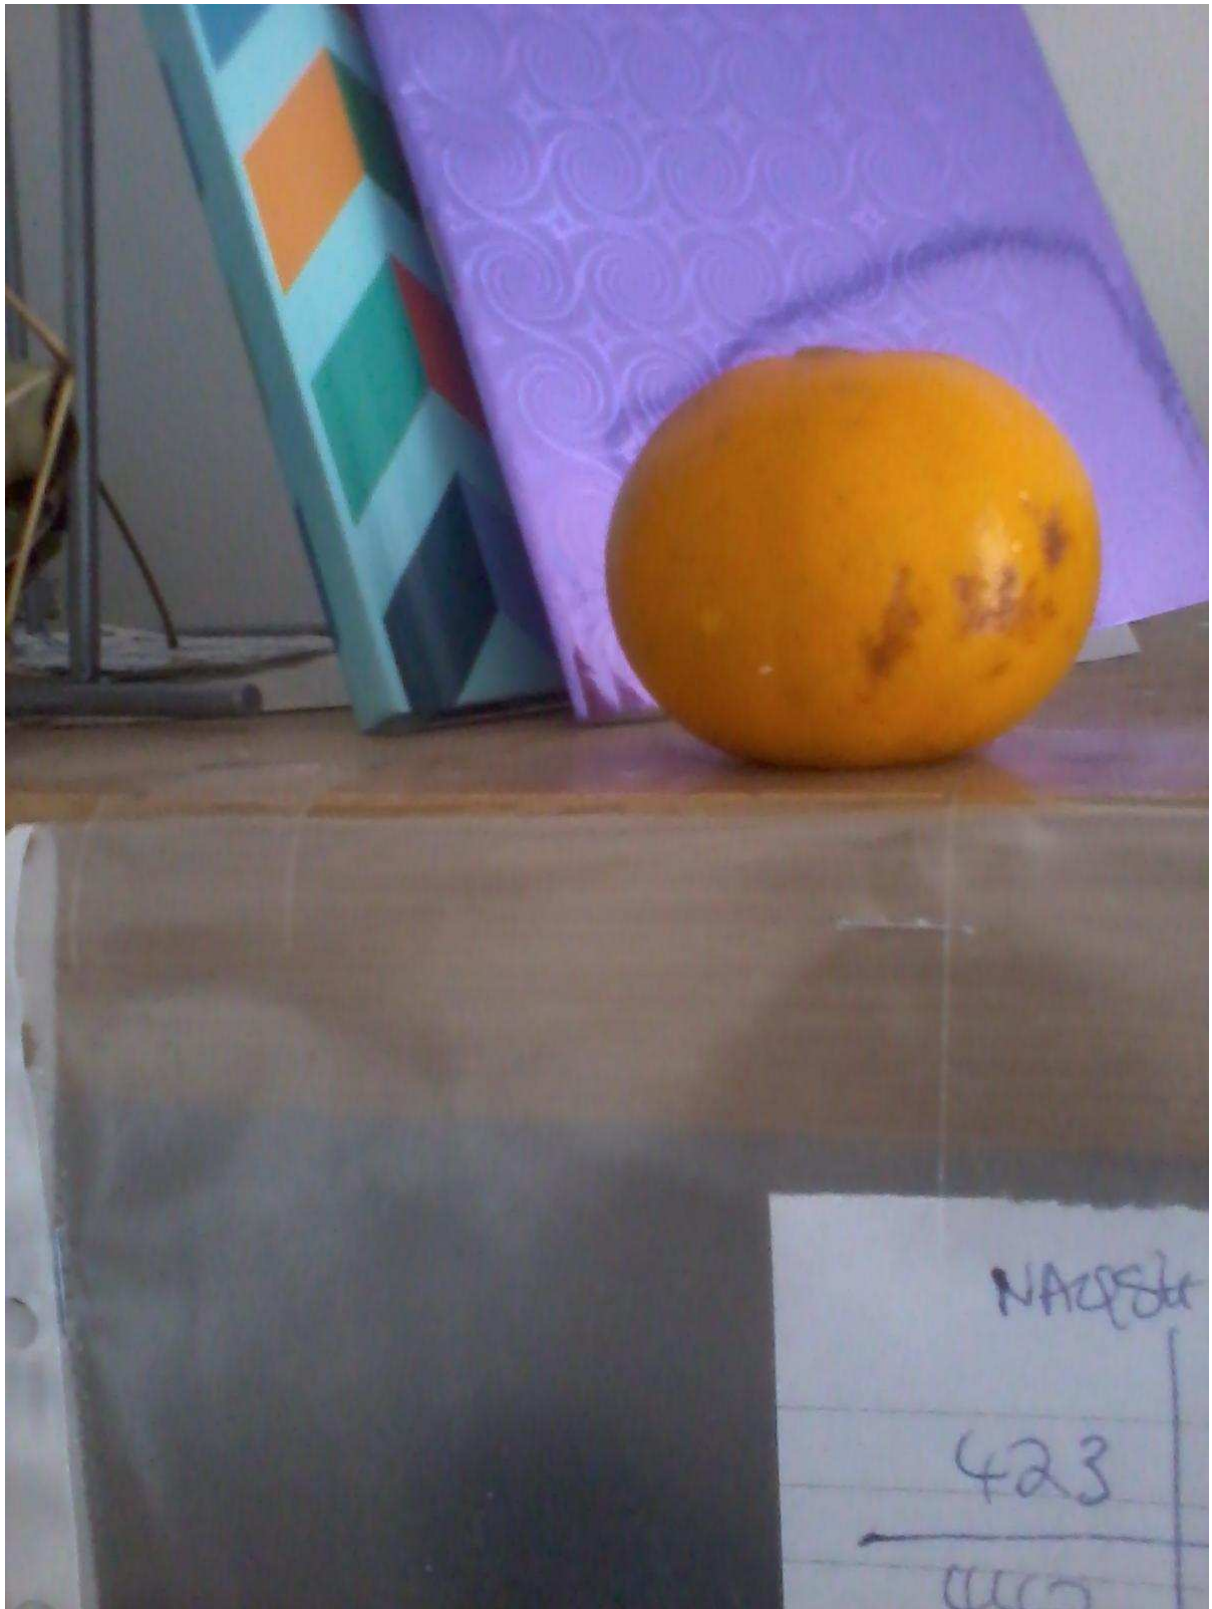

is on the left hand side of

the rest of the word, instead of on the  
right hand side;

The *shad* [5, 6 in the graphic of the  
Name of Allah, above] is also a little  
jumbled but it is clearly visible at the  
top of the main group of letters.

Allah's Name may also be made out in an inner segment of the tangerine [see the top one of the two sections below]:
