Assalamu Alaykum Wa Rahmatullah Wa Barakatuhu,

We are pleased to announce the launch of our site, <http://www.defending-islam.com/>.

The site is aimed at explaining and presenting Islam to both Muslims and non-Muslims, providing refutations to the commonly brought-up allegations against Islam, as well as providing Da'wah material specific to the beliefs of the major non-Muslim religions of the world.

Currently the site has a number of articles and works, mostly from other online Muslim sources. We have a goal of expanding beyond this sphere and into broader horizons. Thus, we are kindly requesting for you to participate in our site in one of the following ways:

1 Administration:

- a. Uploading articles and other works
- b. Formatting of articles and other works
- c. Looking for more volunteers to help in our site.

2 Review:

- d. Review of the Islamic concepts presented in the works to be uploaded

i.. AND/OR

e. Review and arranging of grammar, punctuation, spelling, etc of works to be posted, depending on the strength of the person in either one of these fields.

3 Research:

If you are confident in any one of the following topics:

f. Explaining and presenting Islam to Muslims and non Muslims

g. Refutations against allegations made by non Muslims against Islam

h. Knowledgeable in one of the following religions:

- **Christianity**
- **Hinduism**
- **Buddhism**
- **Atheism/Agnosticism**
- **Pseudo-Islamic groups such as Shi'as, Ahmadis, etc.**
- **Other religions (Judaism, Sikhism, Confucianism, etc.)**

i. Knowledge in one of the following fields:

- **Medicine**
- **Physics**
- **Economics**
- **Political Science**
- **Astronomy**
- **History**
- **Sociology**
- **Law**
- **Journalism**

And/or any other fields that could be of use in giving Da'wah to Islam, insofar as having expertise in such fields can help Muslims and Non-Muslims understand Islam and provide the proper background through which to refute those who wish to belittle Islam in any of the specialties mentioned above (and any other important specialties) .

Thus, if you are interested in any of these areas and would like to contribute towards the development of the site, you can email us at defending-islam@hotmail.com. Any other suggestions are welcome.

All reward is with Allah.

Wa Alaykum Salam wa Rahmatullah wa Barakatuhu.

As Salaamu Alaikum,

Here is a new project I am working on, we have put together an easy package for Masajid and Islamic Centers to get a world class website, and for that matter any muslim, muslim business or organization. I know you both have a lot going on in cyberspace and you should have a really top notch site to reflect the quality of what you do. It is time that we start taking control of our presence and traffic on the web and stop giving it all to google and yahoo.

We can do a free site for each of you, and show you how easy it is to maintain (we will help in that too), and if you can share with the communities you know to help us get some new business that would be much appreciated. And we give a referral fee for new sites.

Salam. See the following link:

<http://www.freewebs.com/drumarazam/usingtaweez.htm>

I believe the Taweez will work in cases of *lawful marriage*, or the intention to make the woman that you wish to marry fall in love with you for the purposes of marriage. It will not work for acting in sin i.e. fornication [sex –or forbidden sexual behaviour- before marriage].

Dr. Umar Azam

Assalam Alaikum Brother

I have received two messages in your name.... but as you might be aware there is always a danger of viruses being sent by people through messages like..... 'Your friend umar Azam has sent you message... a prayer'

Now you click... and now you go... and do this and that ... as you go from one stage to the next, you are sent to still higher stage... words like micro and macro ... security .. coming back to you... and the address says No reply... while the message says 'read these and send me your comments...

I don't know, brother, if these messages were / are really from you
but I suppose I am in deep trouble...

If you do send messages, please make them plain email without messages of Go and click and do this and do that ... because i find them dangerous and I shake in my boots... or chappal

So God bless you... but now I have to find your address elsewhere to send you this message... because this address says: Noreply

Assalam Alaikum and Thank you brother for your kind explanation. I understand it and know that addresses are manipulated by robotic virus-mongers... that is what makes us fearful and cautious.

Also brother you kindly invited me to check your

the work on my brand-new Site <http://umarazamphd.weebly.com>

I tried to get there, but it seems there is some error... no access to the website

We will keep learning new strategies, insha Allah!

Salam, sorry, Chand Sahib - someone sent it to me & I was experimenting, trying to figure out what it was & I clicked a widget & i sent the thing to all 944 of my contacts! It certainly was not intended on my part! You for one know only too well that I only send out quality Islamic information. Apologies once again; it seems new & absurd things are coming out every day on the Internet!

As regards SELECTED ISLAMIC CORRESPONDENCE - no problem; you can see the work on my brand-new Site <http://umarazamphd.weebly.com> After seeing it will you sign my Guestbook on that Site with your comments on the correspondence.

Jazakum Allah Khairun.
